

The Village View.

Redcliffe, Autumn 2018

28 Reasons The Village Life gives you a healthy retirement

"We looked at quite a few places all over Brisbane, but when we came here we fell in love straight away. It's got everything – two swimming pools, bowling green, billiards and gym – and everyone is just so active with it."

The recently opened Health and Wellness Centre at Village Redcliffe has been a huge hit and residents are raving about the extensive activities and specialists they now have accessible within their home community.

Don't Retire For Good. **Retire For Great.**

Make life's third stage as much fun as the first.

In fact Village life gives the following 28 ways for a healthy life at your fingertips: Heated Swimming Pool, Tai Chi, Weights Classes, Yoga, Aqua Aerobics, Table Tennis, Darts, Craft Classes, Art Class, Walking Group, Hairdresser, Beautician, Massage Therapist, Physiotherapist, Skin Cancer Specialist, GP, Podiatry, Hearing and Eye Checks.

Residents have their healthy lifestyle within easy access and available 7 days a week. The healthy activities continue as The Village Redcliffe also has a Community Centre with Lawn Bowls, Social Swimming Pool, Cards 500, Mah-Jong, Bingo, Book club, Ukulele group, Movie sessions and it's very own Village Café opening in May. 28 reasons you can daily have healthy life at The Village.

Ronnie Turner and her friend Fiona Dalsanto are two of many residents that have commented that they are fitter now than before they moved in.

Mrs Ronwyn Turner, 73, knew as soon as she walked into The Village Redcliffe it was the place for her. It was the first retirement village she and her two friends visited. They signed up the same day and now the trio are neighbours.

"The village is very peaceful. I loved the villas and loved the openness to the village, the facilities, and the friendliness of the people. It all just seemed right," says Turner, who was a physiotherapist before retraining in real estate office administration.

"We're all one big family here, that's how it feels for sure. Everyone talks to everyone, there's no

barriers, and there's always somebody there if you need someone. And there's no restrictions on having your own family coming into the village. I have my grandkids after school once a week, I'll take them down for a swim and things like that, and you get to know your friends' families, too."

Mrs Turner juggles gym, aqua aerobics, yoga and tai chi classes every week, as well as regular mah-jong games, along with trips to the theatre and catching up with lifelong friends outside the village.

"It's a good balance. I'm probably more of an introvert – I like getting out and about with people, but I'm also happy in my own space. It's a really good balance."

So, if you've ever been curious about The Village Redcliffe, or the enviable lifestyle our villagers enjoy, why not pop in and find out for yourself why residents are raving about their new Health and Wellness centre?

"It's my retirement dream, living in a resort"

"Living at The Village Redcliffe is just like a holiday. We're that busy - we go to the gym, play bowls, play darts, and go on bus trips. I've got to have a diary to make time to go fishing! It's shocking, I tell you!"

Ron Hobman, 69, and wife Mary, 70, have only lived in The Village Redcliffe for five months but their son and daughter have already noticed a marked change in their outlook.

"They think moving here is the best thing to happen to us. They think we're so much more alive now, and are really enjoying our life more," laughs Ron, who used to work in paint manufacturing and selling truck accessories.

No lawns to mow or windows to clean Ron is living his retirement dream. Most days you'll find Ron at the gym, followed by a game of darts and an afternoon on the bowling green, but he also loves exploring the waterways of Scarborough in his new kayak. "It's unbelievable. I've certainly got a new lease on life!"

"We looked at quite a few places all over Brisbane, but when we came here we fell in love straight away. It's got everything – two swimming pools, bowling green, billiards and pool – and everyone is just so active with it. Everyone around here is really fantastic, like a great big family.

"Friends come to visit us and when they see the people we meet and what we do here, they say where do we sign up? We say, you've got to wait until you're 65 and they say, we'll see you then."

A Community and Family Village

Everyone looks forward to Fridays at The Village! Come raise a glass, share a laugh and make some new friends at our weekly Happy Hour. Residents also look forward to the owners Justin or Michael Harrison visiting with staff to cook a monthly bbq for residents.
